EDUCATION

University of Pennsylvania <i>Master of Applied Economics and Data Science</i> New York University Shanghai <i>Bachelor of Science; Major in Mathematics</i> Study Abroad: New York University, NY, USA	Philadelphia, PA, USA Expected Dec. 2027 Shanghai, China May 2026 Sept. 2024 - May 2025
• Cumulative GPA: 3.834/4.00 • Honors and Awards: Cum Laude; Founders Day Award; Dean's List for all Academic Years	

PROFESSIONAL EXPERIENCE

Bureau Veritas <i>Strategy and Analysis Intern</i>	Shanghai, China Oct. 2025 - May 2026
• Screened acquisition targets across six priority sectors using market research, company data, and expert interviews; developed a shortlist presented to senior leadership • Analyzed six years of M&A activity across 15 leading industry peers, identified investment patterns and strategic white spaces, and synthesized findings into a growth strategy report • Interviewed industry experts and translated market insights into executive-ready memos supporting sector prioritization and acquisition discussions	
IM Motors Co., Ltd. <i>Data Platform Intern</i>	Shanghai, China Jun. 2025 - Aug. 2025
• Analyzed after-sales service logs to identify customer pain points and evaluate an AI customer service solution; partnered with the vendor's data science team to refine the model, increasing adoption from 40% to 68% • Built BI dashboards to monitor service and claims KPIs, enabling the after-sales team to identify approval bottlenecks and improve claims-processing efficiency	
Shanghai Zhengyi Financial Consulting Co., Ltd. <i>Audit & Financial Analyst Intern</i>	Shanghai, China Jul. 2024 - Aug. 2024
• Prepared financial due diligence workpapers and verified financial statements for 16 client companies • Conducted industry and cost analysis for a chemical-sector investment project; recommended lower-cost alternatives that were adopted, saving the client RMB 10,000 • Automated 5+ Excel VBA workflows, reducing preparation time for each workpaper by approximately 30 minutes	
CITIC Securities <i>Investment Intern</i>	Shanghai, China Jun. 2024 - Jul. 2024
• Analyzed client transaction history and investable assets to support portfolio recommendations • Prepared portfolio materials and analyzed historical performance for presentations to senior leadership and clients	
Huafu Fund Management Co., Ltd. <i>Business Development Intern</i>	Shanghai, China Jul. 2023 - Aug. 2023
• Produced periodic product reports analyzing portfolio structure, sector exposures, and market dynamics • Interviewed 10+ clients, and provided follow-up investment updates to enhance their engagement	

RESEARCH EXPERIENCE

Executive Mobile Behavior around Corporate Events <i>Research Assistant New York University Shanghai Advisor: Prof. Yiqing Lü</i>	Apr. 2026 - Present
• Analyzed mobile app usage, working hour, and commuting data from a leading telecommunications provider to examine changes in executive behavior around IPOs and other major corporate events	
Dynamic Pricing Strategy under Demand Spikes <i>Researcher New York University Shanghai Advisor: Prof. Roberto Fernandez</i>	Oct. 2025 - May 2026
• Proved and simulated demand and pricing models in MATLAB; found that fixed pricing achieved comparable revenue to complex dynamic strategies when spikes increased customer arrivals without changing willingness to pay	

LEADERSHIP

CITIC Bank, Gubei Branch <i>Customer Onboarding</i>	Shanghai, China Jan. 2024
• Led a team of 6 volunteers in supporting 100+ customers through account opening; identified recurring questions and developed a standardized guide and talking points adopted by the branch team
